Lynda Taylor, Co-Owner & Creative Chief - **Banjos Bead House**

Shop 3 Bells Road, Oatlands NSW 2117 - 02 9898 1661

[www.banjosbeadhouse.com.au](http://www.banjosbeadhouse.com.au)

**Kit: \$45.00**

Includes all class supplies and use of tools.

Let your inner Picasso out in this class to have some fun with colour, creating your own unique designs to turn into earrings, pendants or as a focal in your next design.

During the class you will have access to a wide range of paints to create your own designs on both leather and metal filigree. In addition to this you will have access to a wide range of texture plates to add dimension to the leather.

The kit contains all of the pieces & materials you need to create a number of pendants, ear rings & focal pieces, time permitting a bracelet.

## **Technique/stitches**

**involved:** Learning a leather texturing & cutting technique, painting leather & filigree, creating earrings & pendants from the pieces made. Time & skill permitting, a bracelet may be able to be made.

*(Lynda will be attending the Retreat too, so will also have extra findings and goodies for sale over the weekend during trading time.)*

## **Additional information**

**BYO gloves:** The painting process will leave some splatter on your hands; it is quick drying and will come off with several washes. Baby wipes will be on the table during class for a quick clean up, but if you wish to avoid splatter you can wear gloves during this stage.

**Tools Required** – All tools for this class will be provided – but if you have your own chain nose and flat nose pliers, please bring them with you.

Please bring latex gloves if you do not wish to have paint on your fingers.
